Independent auditor's report to the shareholder of Trent Global Holdings Limited

This report is made solely to the company's shareholder as a body, in accordance with section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the company's shareholder those matters we are required to state to the shareholder in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholder as a body, for our audit work, for this report, or for the opinions we have formed.

Report on the Financial Statements

We have audited the financial statements of **Trent Global Holdings Limited** on pages 6 to 16 which comprise the statement of financial position as at 31 March 2014 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Directors' responsibilities for the financial statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act 2001 in so far as applicable to Category 1 Global Business Licence companies. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements on pages 6 to 16 give a true and fair view of the financial position of **Trent Global Holdings Limited** as at 31 March 2014 and of its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards and comply with the requirements of the Mauritius Companies Act 2001 in so far as applicable to Category 1 Global Business Licence companies.

Emphasis of matter - going concern

Without qualifying our opinion, we draw attention to note 10 of the financial statements which indicates that, at 31 March 2014, the company had accumulated losses of USD 776,814. This condition, along with the other matters as set out in note 10 of the financial statements indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The financial statements have been prepared on a going concern basis, the validity of which depends upon continued availability of funds from the shareholder. The financial statements do not include any adjustments that would result from non-availability of finance.

Report on other legal requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- we have no relationship with, or interests in, the company other than in our capacity as auditor;
- we have obtained all information and explanations that we have required; and
- in our opinion, proper accounting records have been kept by the company as far as appears from our examination of those records.

TRENT GLOBAL HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2014

1. LEGAL FORM AND ACTIVITY

- (a) Trent Global Holdings Limited "the company" is a private company, with limited liability, incorporated on 22 July 2008 in accordance with the Mauritius Companies Act 2001. It holds a Global Business License Category 1 under the Financial Services Act 2007.
- (b) The principal object of the company is that of an investment holding company.
- (c) The registered office and principal place of business is 10th Floor, Raffles Tower, 19 Cybercity, Ebène, Mauritius.
- (d) The company has not yet started operation.

2. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRSs)

In the current year, the company has applied all of the new and revised IFRSs issued by the International Accounting Standards Board (the "IASB") and the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB that are relevant to its operations and effective for accounting periods beginning on 01 April 2013.

2.1 New and revised IFRS applied with no material effect on financial statements

The following relevant new and revised IFRS have also been applied in these financial statements. Their application has not had any material impact on the amounts reported for the current and prior years, but may affect the accounting for future transactions or arrangements.

- IAS 1 Presentation of Financial Statements - Amendments to revise the way Other Comprehensive Income is presented
- IAS 1 Presentation of Financial Statements – Amendments resulting from Annual Improvements 2009-2011 Cycle (comparative information)
- IFRS 7 Financial Instruments: Disclosures - Amendments related to the offsetting of financial assets and liabilities
- IFRS 13 Fair Value Measurement – Original issue

2.2 New and revised IFRSs in issue but not yet effective

At the date of authorisation of these financial statements, the following relevant IFRS were in issue but effective on annual periods beginning on or after the respective dates as indicated:

- IAS 24 Related Party Disclosures - Amendments resulting from Annual Improvements 2010-2012 Cycle (management entities) (effective for annual periods beginning on or after 1 July 2014)

- IFRS 9 Financial Instruments: Disclosures - Deferral of mandatory effective date of IFRS 9 and amendments to transition disclosures (effective 1 January 2018)
- IFRS 9 Financial Instruments: Disclosures - Reissue to incorporate a hedge accounting chapter and permit the early application of the requirements for presenting in other comprehensive income the 'own credit' gains or losses on financial liabilities designated under the fair value option without early applying the other requirements of IFRS 9 (effective 1 January 2018)
- IFRS 13 Fair Value Measurement - Amendments resulting from Annual Improvements 2010-2012 Cycle (short-term receivables and payables) (effective 1 January 2018)
- IFRS 13 Fair Value Measurement - Amendments resulting from Annual Improvements 2011-2013 Cycle (scope of the portfolio exception in paragraph 52) (effective 1 January 2018)

The directors anticipate that these IFRSs will be applied on their effective dates in the future periods. The directors have not yet had an opportunity to consider the potential impact of the adoption of these amendments.

TRENT GLOBAL HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONT'D)
FOR THE YEAR ENDED 31 MARCH 2014

3. SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared in accordance with International Financial Reporting Standards. A summary of the more important accounting policies, which have been applied consistently, is set out below:

(a) Basis of preparation

The financial statements are prepared under the historical cost convention and in accordance with International Financial Reporting Standards (IFRS).

(b) Foreign currencies transactions

(i) Functional and presentation currency

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which it operates (the 'functional currency'). The financial statements are presented in United States Dollars (USD), which is the functional and presentation currency of the company.

(ii) Transactions and balances

Transactions in currencies other than United States Dollars (USD) are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the reporting date. Exchange differences arising on translation are recognised in the statement of profit or loss and other comprehensive income.

(c) Related parties

Parties are considered to be related if one party has control, joint control or exercises significant influence over the other party or is a member of the key management personnel of the other party.

(d) Provisions

Provisions are recognised when the company has a present obligation as a result of a past event, and it is probable that the company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the end of the reporting period. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

(e) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) *Current tax*

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

TRENT GLOBAL HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONT'D)
FOR THE YEAR ENDED 31 MARCH 2014

3. **SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

(e) Taxation (cont'd)

(ii) *Deferred tax*

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

(iii) *Current and deferred tax for the year*

Current and deferred taxes are recognised as an expense or income in profit or loss.

(f) Financial instruments

Financial instruments carried on the statement of financial position include cash and cash equivalents, and accounts payable. These instruments are measured as set out below:

(i) Cash and cash equivalents

Cash and cash equivalents are measured at fair value.

(ii) Other payables

Other payables are stated at amortised cost using the effective interest method.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted. For financial assets carried at amortised cost, the amount of the impairment loss is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

TRENT GLOBAL HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONT'D)
FOR THE YEAR ENDED 31 MARCH 2014

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Financial instruments (cont'd)

(ii) Other payables (cont'd)

Impairment of financial assets (cont'd)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

(g) Cash and cash equivalents

Cash comprises cash at bank and in hand. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

4. ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of financial statements in accordance with IFRS requires the directors and management to exercise judgement in the process of applying the accounting policies. It also requires the use of accounting estimates and assumptions that may affect the reported amounts and disclosures in the financial statements. Judgements and estimates are continuously evaluated and are based on historical experience and other factors, including expectations and assumptions concerning future events that are believed to be reasonable under the circumstances. The actual results could, by definition therefore, often differ from the related accounting estimates.

Where applicable, the notes to the financial statements set out areas where management has applied a higher degree of judgement that have a significant effect on the amounts recognised in the financial statements, or estimations and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

6. TAXATION

Income tax

The company, being the holder of a Category 1 Global Business Licence, is liable to income tax in Mauritius at the rate of 15%. However, the company is entitled to a foreign tax credit equivalent to the higher of the actual tax suffered or 80% of the Mauritian Tax on its foreign source income. As at the reporting date, the company had tax losses carried forward amounting to USD 74,776 (2013: USD 755,316).

Available for set off up to year ending	<u>Accumulated tax losses</u> US\$
2015	14,060

2017	19,125
2018	16,417
2019	<u>17,432</u>
	<u>74,776</u>

The company has not recognised any deferred tax asset as at 31 March 2014 since it is not probable that the company will make sufficient future taxable income against which the tax losses can be utilised.

7. FINANCIAL INSTRUMENTS

7.1 Capital risk management

The company manages its capital to ensure that the entity will be able to continue as a going concern. The company's overall strategy remains unchanged from 2013.

The capital structure of the company consists of total equity, comprising stated capital, as disclosed in note 5 and accumulated losses.

7.2 Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 3 to the financial statements.

7. FINANCIAL INSTRUMENTS (CONT'D)

7.4 *Financial risk management*

The company is mainly exposed to liquidity risk and seeks as such through its risk management program to minimise potential adverse effects on its financial performance.

7.5 *Liquidity risk management*

Being an investment holding company, the liquidity risk is minimal. As at 31 March 2014 the company has sufficient liquid assets to meet its financial obligations. All of the company's financial liabilities are due within one year.

7.6 *Fair values*

Except where stated elsewhere, the carrying amounts of the company's financial assets and liabilities approximate their fair values due to the short term nature of the balances involved. If the company would have applied fair value for financial assets and liabilities, then it would have been included in level 3.

8. HOLDING COMPANY

The directors regard Trent Limited, a company incorporated in India, as the holding company.

9. COMPENSATION OF KEY MANAGEMENT PERSONNEL

No compensation to key management personnel was made by the company for the year under review (2013: USD Nil).

10. GOING CONCERN BASIS

At 31 March 2014, the company had accumulated losses of USD 776,814 (2013: USD 759,382).

The financial statements have been prepared on a going concern basis on the assumption that funds shall be made available by the shareholder at least over the next twelve months to enable the company to continue its operation. The directors consider it appropriate to prepare the financial statements on this basis.
